

CaB^{6.2}

Liquid Calcium-Boron

CaB^{6.2}

FPA Registration No.: 1-11F-800 Net Content: 1 Liter

KEEP OUT OF REACH OF CHILDREN

WARNING!!! Harmful if swallowed. Avoid breathing spray mist. May cause irritation of nose, throat and/or skin. Avoid contact with eyes, skin and clothing. If swallowed, induce vomiting by sticking the finger down the throat. Never give anything by mouth to an unconscious person. If in eyes, wash with plenty of clear water for at least 16 minutes. Get medical attention.

CaB^{6.2}

GENERAL INFORMATION

LIQUID CALCIUM-BORON (Liquid CaB) is a foliar or soil-applied micronutrient and non-phytotoxic when used as directed. Liquid CaB is completely available and absorbed by the leaf surface or root system because of the natural complexing properties of its phenolic acid chelating complex. Liquid CaB is compatible with most insecticides, fungicides and foliar nutrients. It can be applied in existing spray programs.

APPLICATION INSTRUCTIONS

Use 160 ml Liquid CaB per 16 L of water (1% solution of Liquid CaB). Use during flowering stage up to fruit development. Spray every 14 days.
